

New for 2014

# EXP™ 3.0

Breakthrough in Response,  
Performance & Tunability!

Rekluse EXP 3.0 was inspired by our award winning and premier Core EXP system and singles out the revolutionary EXP assembly. Rekluse EXP employs the same race-ready technology and EXP assembly of our product; the difference is that it fits into your stock clutch components.

“Not Recommended For Use with Big Bore Kits”

## YES IT'S TRUE!

One can now enjoy the benefits of Rekluse auto-clutch technology while racing or riding at our most affordable price.

- Faster Cornering
- Improved Traction
- Virtually Eliminates Stalling
- Better Starts
- Faster Lap Times
- Fully tunable to rider preference & terrain conditions
